****Sanction for Violation of GDPR****

The National Authority for the Supervision of Personal Data Processing completed, in December 2024, an investigation into the operator Softtehnica S.R.L and found a violation of Article 32 paragraph (1) letters b), d) and paragraph (2) of Regulation (EU) 2016/679.

As such, the operator was sanctioned with a fine of 24,866 lei (equivalent to the amount of 5,000 Euro).

The investigation was initiated following the notification by the operator Softtehnica S.R.L of a personal data security breach, in accordance with the provisions of Article 33 of Regulation (EU) 2016/679.

During the investigation, it was found that, following a ransomware cyberattack, the operator's IT infrastructure was accessed.

In this context, it was found that the operator did not implement appropriate technical and organizational measures and did not carry out periodic testing, evaluation, and assessment of the effectiveness of the technical and organizational measures to ensure the security of data processing, including the ability to ensure the confidentiality, integrity, availability, and resilience of processing systems and services.

This led to unauthorized disclosure or unauthorized access to personal data of a significant number of data subjects, such as: first name, last name, residence, email address, and contact details, thus violating the provisions of Article 32 paragraph (1) letters b), d) and paragraph (2) of Regulation (EU) 2016/679.
