****Sanction for Violation of GDPR****

The National Supervisory Authority completed in February 2022 an investigation into the operator Kaufland Romania SCS and found a violation of the provisions of Article 15 paragraph (3) of the General Data Protection Regulation, regarding the right of access.

As such, the operator was sanctioned with a fine of 9889.4 lei (equivalent to 2000 EURO).

The investigation was initiated following a complaint, and during the investigation, it was found that the operator Kaufland did not provide the complainant with a copy of all recordings from the video surveillance system, which constitutes a violation of Article 15 paragraph (3) of the General Data Protection Regulation.

Thus, it was established that the operator did not transmit, at the request of the data subject, a complete copy of the recordings concerning them, from within the store, even though these were available at the time requested by them.

Additionally, the operator was also subjected to the corrective measure of communicating to the data subject all the images requested by them, to the extent that they are available, with the blurring of images that lead to the identification of other persons, in accordance with Article 15 of the General Data Protection Regulation.
