In this procedure, it is recorded that the complainant exercised the right of access to the personal data concerning them, and that this request was not duly attended to, issuing a resolution that required the following:

“FIRST: TO GRANT the complaint filed by A.A.A. and to urge AUTOMOCIÓN 1972, S.L., with NIF B88631627, to send to the complainant, within ten working days following the notification of this resolution, a certification addressing the exercised right of Access or a motivated denial indicating the reasons why the request cannot be attended to, in accordance with the provisions established in the body of this resolution. The actions taken as a result of this Resolution must be communicated to this Agency within the same period. Non-compliance with this resolution could constitute an infringement as considered in Article 72.1.m) of the LOPDGDD, which will be sanctioned in accordance with Article 58.2 of the GDPR.”

SECOND: The notification of the resolution of the procedure for the exercise of rights, in which the respondent was granted a period of ten working days to address the exercise of the right of access, was carried out in accordance with the rules established in Law 39/2015, of October 1, on the Common Administrative Procedure of Public Administrations (hereinafter, LPACAP), and was received by the responsible party on February 28, 2023.

THIRD: After the period granted for the actions required in said resolution had elapsed, and having submitted the complainant, on July 12, 2023, with entry registration number REGAGE23e00047045365, a document stating that the resolution had not been complied with, a request was sent twice to the respondent to submit, within five working days, a certification of compliance with said resolution to the complainant and, within ten working days, to notify this Agency of the measures adopted.

FOURTH: The aforementioned request for information was notified on both occasions in accordance with the rules established in the LPACAP and was received by the respondent on August 14, 2023, and April 18, 2024, as recorded in the acknowledgments of receipt in the file.

FIFTH: After the period of the initial resolution and the subsequent requests had elapsed, the respondent has not submitted a response to this Agency that certifies that they have attended to the exercised right of access or that they have denied it motivatedly indicating the reasons why the request cannot be attended to.

SIXTH: No ordinary administrative appeal can be lodged against the aforementioned resolution due to the expiration of the established deadlines for it. Furthermore, the interested party has not expressed their intention to file a contentious-administrative appeal, nor does this Agency have knowledge that such an appeal has been filed and that a precautionary suspension of the resolution has been requested.

SEVENTH: On October 24, 2024, the Director of the Spanish Agency for Data Protection agreed to initiate sanctioning proceedings against the respondent for the alleged infringement of Article 58.2 of the GDPR, classified in Article 83.6 of the GDPR.

The initiation agreement was received by the respondent on October 29, 2024, as recorded in the acknowledgment of receipt in the file.

EIGHTH: The aforementioned initiation agreement was notified in accordance with the rules established in the LPACAP, and after the period granted for the submission of allegations had elapsed, it has been confirmed that no allegations have been received from the respondent.

Article 64.2.f) of the LPACAP -provision of which the respondent was informed in the initiation

agreement- establishes that if no allegations are made within the stipulated period regarding the content of the initiation agreement, when it contains a precise statement regarding the attributed responsibility, it may be considered a proposal for resolution. In this case, the initiation agreement of the sanctioning file determined the facts that specified the accusation, the infringement of the GDPR attributed to the respondent, and the sanction that could be imposed. Therefore, considering that the respondent has not made allegations against the initiation agreement of the file and in accordance with the provisions established in Article 64.2.f) of the LPACAP, the aforementioned initiation agreement is considered in this case as a proposal for resolution.
