## LEGAL GROUNDS

I

### Competence

In accordance with the powers granted to each supervisory authority by Article 58.2 of Regulation (EU) 2016/679 (General Data Protection Regulation, hereinafter GDPR), and as established in Articles 47, 48.1, and 64.1 of Organic Law 3/2018, of December 5, on the Protection of Personal Data and the guarantee of digital rights (hereinafter, LOPDGDD), the Presidency of the Spanish Agency for Data Protection is competent to resolve this procedure.

Furthermore, Article 63.2 of the LOPDGDD states: "The procedures processed by the Spanish Agency for Data Protection shall be governed by the provisions of Regulation (EU) 2016/679, this organic law, the regulatory provisions issued for its development, and, in so far as they do not contradict them, subsidiarily by the general rules on administrative procedures."

### Preliminary Issues

In accordance with the provisions of Article 55 of the GDPR, the Spanish Agency for Data Protection is competent to perform the functions assigned to it in Article 57, including enforcing the Regulation and promoting awareness among data controllers and processors regarding their obligations, as well as addressing complaints filed by a data subject and investigating, as appropriate, the reasons for such complaints.

Correspondingly, Article 31 of the GDPR establishes the obligation of data controllers and processors to cooperate with the supervisory authority that requests it in the performance of its functions. In cases where they have appointed a data protection officer, Article 39 of the GDPR assigns this officer the function of cooperating with that authority.

In accordance with this regulation, following the procedure established in Article 65.4 of the LOPDGDD, prior to the admission of the complaint regarding the exercise of the rights regulated in Articles 15 to 22 of the GDPR, which gives rise to this procedure, the complaint was forwarded to the respondent for analysis, to respond to this Agency within one month, and to demonstrate that it had provided the complainant with the appropriate response.

The result of this forwarding did not allow for an understanding that the complainant's claims were satisfied. Consequently, on February 18, 2025, for the purposes provided in Articles 64.1 and 65 of the

LOPDGDD, the complaint was admitted for processing. This admission for processing determines the opening of the present procedure for failure to respond to a request for the exercise of the rights established in Articles 15 to 22 of the GDPR, regulated in Article 64.1 of the LOPDGDD, according to which:

“When the procedure refers exclusively to the failure to respond to a request for the exercise of the rights established in Articles 15 to 22 of Regulation (EU) 2016/679 of the European Parliament and of the Council, of April 27, 2016, it shall be initiated by an admission agreement, which shall be adopted in accordance with the provisions of Article 65 of this organic law.

In this case, the deadline for resolving the procedure shall be six months from the date on which the admission agreement was notified to the complainant. After this period, the interested party may consider their complaint to be upheld.”

Article 58.2 of the GDPR grants the Spanish Agency for Data Protection a series of corrective powers for the purpose of rectifying any infringement of the GDPR, including “ordering the controller or processor to address the requests for the exercise of the rights of the data subject under this Regulation.”

### Rights of Individuals Regarding Personal Data Protection

The rights of individuals regarding personal data protection are regulated in Articles 15 to 22 of the GDPR and Articles 13 to 18 of the LOPDGDD. The rights include access, rectification, erasure, objection, the right to restriction of processing, and the right to data portability.

The formal aspects related to the exercise of these rights are established in Articles 12 of the GDPR and 12 of the LOPDGDD.

Additionally, consideration is given to what is expressed in Recitals 59 and following of the GDPR.

In accordance with the provisions of these regulations, the data controller must establish formulas and mechanisms to facilitate the exercise of rights by the data subject, which shall be free of charge (without prejudice to the provisions of Articles 12.5 and 15.3 of the GDPR), and is obliged to respond to requests made no later than one month, unless it can demonstrate that it is unable to identify the data subject, and to express its reasons in case it does not intend to comply with such request. The burden of proof regarding compliance with the obligation to respond to the request for the exercise of rights made by the affected individual lies with the data controller.

The communication addressed to the data subject regarding their request must be expressed in a concise, transparent, intelligible, and easily accessible manner, using clear and simple language.

Regarding the right of access to personal data, in accordance with Article 13 of the LOPDGDD, when the exercise of the right refers to a large amount of data, the controller may request the affected individual to specify the "data or processing activities to which the request refers." The right shall be deemed granted if the controller provides remote access to the data, considering the request fulfilled (although the data subject may request the information referred to in the aspects provided in Article 15 of the GDPR).

The exercise of this right may be considered repetitive on more than one occasion within a period of six months, unless there is a legitimate reason for it.

On the other hand, the request will be considered excessive when the affected individual chooses a means other than the one offered that incurs a disproportionate cost, which must be borne by the affected individual.

IV

### Conclusion

In the case analyzed here, the claiming party exercised their right of Access regulated in Article 15 of the GDPR and Article 13 of the LOPDGDD.

After the period established in accordance with the aforementioned regulations, their request did not

receive the legally required response. The entity being claimed has not addressed the request.

the request of the claiming party nor the requirements that have been sent to it by this Agency.

The aforementioned rules do not allow for the request to be disregarded as if it had not been made, leaving it without the response that the responsible parties are obliged to issue, even in the event that there are no data of the interested party in the entity's files or even in those cases where the requirements set forth are not met, in which case the recipient of such request is also obliged to require the rectification of the observed deficiencies or, if applicable, to deny the request with justification indicating the reasons why it is not appropriate to consider the right in question.

Therefore, the request made obliges the responsible party to provide an express response, in any case, using any means that justifies the receipt of the response.

Given that a copy of the necessary communication that must be addressed to the claimant informing them about the decision made regarding the exercise of rights request has not been provided, it is appropriate to uphold the claim that originated this procedure.

In light of the cited provisions and others of general application, the Presidency of the Spanish Agency for Data Protection RESOLVES:

FIRST: TO UPHOLD the claim made by A.A.A. considering that the provisions of Article 15 of the GDPR have been infringed and to urge MYL CLINICS, S.L., with NIF B02604080, to, within ten working days from the date this resolution becomes final and enforceable, send to the claiming party a certification addressing the exercised right of Access or to deny it with justification indicating the reasons why it is not appropriate to attend to the request, in accordance with the provisions established in the body of this resolution. The actions taken as a consequence of this Resolution must be communicated to this Agency within the same period. Non-compliance with this resolution could result in the commission of an infringement of article 83.6 of the GDPR, classified as very serious for the purposes of prescription in article 72.1.m) of the LOPDGDD, which will be sanctioned in accordance with art. 58.2 of the GDPR.

SECOND: NOTIFY this resolution to A.A.A. and to MYL CLINICS, S.L.

In accordance with the provisions established in article 50 of the LOPDGDD, this Resolution will be made public once it has been notified to the interested parties.

Against this resolution, which concludes the administrative procedure (article 18.4 of the LOPD), and in accordance with the provisions established in article 123 of Law 39/2015, of October 1, on the Common Administrative Procedure of Public Administrations, a voluntary appeal for reconsideration may be filed before the Presidency of the Spanish Agency for Data Protection, within one month from the day following the notification of this resolution, or directly an administrative contentious appeal before the Contentious-Administrative Chamber of the National Court, in accordance with the provisions of article 25 and section 5 of the Fourth Additional Provision of Law 29/1998, of July 13, regulating the Contentious-Administrative Jurisdiction, within two months from the day following the notification of this act, as provided in article 46.1 of the aforementioned legal text.
