RESOLUTION OF RECOURSE FOR RECONSIDERATION

Examined the recourse for reconsideration filed by A.A.A. (hereinafter, the appellant), against the resolution issued by the Director of the Spanish Agency for Data Protection, dated October 29, 2024, and based on the following:

FACTS

FIRST: On October 29, 2024, a resolution was issued by the Director of the Spanish Agency for Data Protection in file EXP202304144. The resolution was notified to the appellant on October 30, 2024, as evidenced in the file.

SECOND: On December 4, 2024, the appellant submitted a recourse for reconsideration to the AEPD against the resolution indicated in the previous point, expressing their disagreement with it.

The following legal grounds apply to the aforementioned facts:

LEGAL GROUNDS

I

Competence

The Director of the Spanish Agency for Data Protection is competent to resolve this recourse in accordance with the provisions of Article 123 of Law 39/2015, of October 1, on the Common Administrative Procedure of Public Administrations (hereinafter, LPACAP) and Article 48.1 of Organic Law 3/2018, of December 5, on Personal Data Protection and Guarantee of Digital Rights (hereinafter, LOPDGDD).

II

Grounds for inadmissibility

Article 116 of the LPACAP establishes in its letter d) as a cause for inadmissibility of administrative recourses "Having elapsed the period for filing the recourse."

III

Computation of the filing period

According to the provisions of Article 124 of the LPACAP: "The period for filing the recourse for reconsideration shall be one month, if the act was express."

Article 119 of the same law adds that: "The resolution of the recourse shall fully or partially uphold or dismiss the claims made therein or declare its inadmissibility."

Regarding the computation of the indicated period, it must be attended to the provisions of paragraph 4 of Article 30 of the LPACAP which states: "If the period is set in months or years, these shall be computed from the day following that on which the notification or publication of the act in question takes place, or from the day following that on which the estimation or dismissal by administrative silence occurs.

The period shall conclude on the same day on which the notification, publication, or administrative silence occurred in the month or year of expiration. If in the month of expiration there is no equivalent day to that on which the computation begins, it shall be understood that the period expires on the last day of the month."

In this case, the resolution of the Director of the Spanish Agency for Data Protection dated October 29, 2024, was notified to the appellant on October 30, 2024, and the recourse for reconsideration was filed on December 4, 2024.

Therefore, it can be concluded that the filing of the recourse for reconsideration on the indicated date exceeds the legally established filing period, and thus the recourse must be declared inadmissible as late.

Considering the cited provisions and others of general application, the Director of the Spanish Agency for Data Protection RESOLVES:

FIRST: TO DECLARE INADMISSIBLE the recourse for reconsideration filed by A.A.A. against the resolution of this Agency, issued on October 29, 2024, in file EXP202304144.

SECOND: TO NOTIFY this resolution to A.A.A.

Against this resolution, which concludes the administrative procedure, a contentious-administrative recourse may be filed within two months from the day following the notification of this act, as provided

in Article 46.1 of Law 29/1998, of July 13, regulating the Contentious-Administrative Jurisdiction, before the Contentious-Administrative Chamber of the National Court, in accordance with the provisions of Article 25 and paragraph 5 of the fourth additional provision of the aforementioned Law.
