Examined the recourse for reconsideration filed by A.A.A. (hereinafter, the appellant), against the resolution issued by the Director of the Spanish Agency for Data Protection, dated February 16, 2023, and based on the following:

FACTS

FIRST: On June 14, 2022, a complaint was received by the Spanish Agency for Data Protection (hereinafter, AEPD), filed by A.A.A. regarding B.B.B.

SECOND: On February 16, 2023, a resolution was issued by the Director of the Spanish Agency for Data Protection in file EXP202300617. The resolution was notified to the appellant on March 3, 2023, as evidenced in the file.

THIRD: On April 11, 2023, the appellant submitted a recourse for reconsideration to the AEPD against the resolution indicated in the previous point, expressing their disagreement with it.

The following legal grounds apply to the aforementioned facts:

III

Calculation of the filing period

According to the provisions of Article 124 of the LPACAP: "The period for filing the recourse for reconsideration shall be one month, if the act is express."

Article 119 of this law adds that: "The resolution of the recourse will either uphold in whole or in part or dismiss the claims made therein or declare its inadmissibility."

Regarding the calculation of the indicated period, it must be attended to the provisions of paragraph 4 of Article 30 of the LPACAP which states: "If the period is set in months or years, these shall be calculated from the day following that on which the notification or publication of the act in question takes place, or from the day following that on which the estimation or dismissal by administrative silence occurs.

The period will conclude on the same day on which the notification, publication, or administrative silence occurred in the month or year of expiration. If in the month of expiration there is no equivalent day to that on which the calculation begins, it will be understood that the period expires on the last day of the month."

In this case, the resolution of the Director of the Spanish Agency for Data Protection dated February 16, 2023, was notified to the appellant on March 3, 2023, and the recourse for reconsideration was filed on April 11, 2023.

Therefore, it can be concluded that the filing of the recourse for reconsideration on the indicated date

exceeds the legally established filing period, and thus the recourse must be declared inadmissible as untimely.

In view of the cited provisions and others of general application, the Director of the Spanish Agency for Data Protection RESOLVES:

FIRST: TO DECLARE INADMISSIBLE the recourse for reconsideration filed by A.A.A. against the resolution of this Agency, issued on February 16, 2023, in file EXP202300617.

SECOND: TO NOTIFY this resolution to A.A.A.

Against this resolution, which concludes the administrative procedure, a contentious-administrative recourse may be filed within two months from the day following the notification of this act, as provided in Article 46.1 of Law 29/1998, of July 13, regulating the Contentious-Administrative Jurisdiction, before the Contentious-Administrative Chamber of the National Court, in accordance with the provisions of Article 25 and paragraph 5 of the fourth additional provision of the aforementioned Law.
