RESOLUTION OF RIGHTS PROCEDURE

Having reviewed the complaint registered on July 3, 2024, with this Agency and having carried out the procedural actions provided for in Title VIII of Organic Law 3/2018, of December 5, on the Protection of Personal Data and Guarantee of Digital Rights (hereinafter LOPDGDD), the following FACTS have been established:

FIRST: On July 3, 2024, a complaint was submitted to this Agency by A.A.A. (hereinafter, the complainant) against B.B.B. (hereinafter, the respondent) for not having duly addressed their rights of access and deletion.

The complainant states that they were a collaborator of the respondent and that, on May 24, 2024, they sent a request for access to their personal data as well as the deletion of the same, which were displayed on the website for which the respondent is responsible, making their request via burofax, which, according to proof of delivery, was received on May 27, 2024, without receiving a response and finding their data still displayed on the respondent's website.

They provide a copy of their request, proof of delivery of the burofax containing their request, and a link to the respondent's website where their personal data appears.

SECOND: In accordance with Article 65.4 of the LOPDGDD, the complaint was forwarded to the respondent for analysis and to inform this Agency within one month of the actions taken to comply with the requirements set forth in data protection regulations.

There is no record of any response being submitted to this Agency.

THIRD: The result of the transfer procedure indicated in the previous Fact did not allow for the understanding that the complainant's claims were satisfied. Consequently, on October 3, 2024, for the purposes provided for in Article 64.1 of the LOPDGDD, the Director of the Spanish Agency for Data Protection agreed to admit the complaint for processing.

The aforementioned agreement granted the respondent a hearing, to present any arguments they deemed appropriate within ten working days, with no record of the respondent having replied.

LEGAL GROUNDS

I

Competence

In accordance with the powers granted to each supervisory authority by Article 58.2 of Regulation (EU) 2016/679 (General Data Protection Regulation, hereinafter GDPR), and as established in Articles 47, 48.1, and 64.1 of the LOPDGDD, the Presidency of the Spanish Agency for Data Protection is competent to resolve this procedure.

Furthermore, Article 63.2 of the LOPDGDD states: "The procedures processed by the Spanish Agency for Data Protection shall be governed by the provisions of Regulation (EU) 2016/679, by this organic law, by the regulatory provisions issued in its development, and, in so far as they do not contradict them, by the general rules on administrative procedures."

II

Preliminary Issues

In accordance with the provisions of Article 55 of the GDPR, the Spanish Agency for Data Protection is competent to perform the functions assigned to it in Article 57, including the enforcement of the Regulation and promoting awareness among controllers and processors regarding their obligations, as well as addressing complaints filed by a data subject and investigating, as appropriate, the reasons for such complaints.

Correspondingly, Article 31 of the GDPR establishes the obligation of controllers and processors to cooperate with the supervisory authority that requests it in the performance of its functions. In cases where they have appointed a data protection officer, Article 39 of the GDPR assigns this officer the function of cooperating with that authority.

In accordance with this regulation, following the procedure provided for in Article 65.4 of the LOPDGDD, prior to the admission of the complaint regarding the exercise of the rights regulated in Articles 15 to 22 of the GDPR, which gives rise to this procedure, the complaint was forwarded to the respondent for analysis, to respond to this Agency within one month, and to demonstrate that they had provided the complainant with the appropriate response.

The result of this transfer did not allow for the understanding that the complainant's claims were satisfied. Consequently, on October 3, 2024, for the purposes provided for in Articles 64.1 and 65 of the LOPDGDD, the complaint was admitted for processing. This admission for processing determines the opening of the present procedure for the lack of attention to a request for the exercise of the rights established in Articles 15 to 22 of the GDPR, regulated in Article 64.1 of the LOPDGDD, according to which:

"When the procedure refers exclusively to the lack of attention to a request for the exercise of the rights established in Articles 15 to 22 of the GDPR..."

Regulation (EU) 2016/679 of the European Parliament and of the Council, of April 27, 2016, will be initiated by an admission agreement, which will be adopted in accordance with the provisions of Article 65 of this organic law.

In this case, the deadline for resolving the procedure will be six months from the date on which the claimant was notified of the admission agreement. Once this period has elapsed, the interested party may consider their complaint accepted.

Article 58.2 of the GDPR grants the Spanish Data Protection Agency a series of corrective powers for the purpose of remedying any infringement of the GDPR, including "ordering the data controller or processor to address requests for the exercise of the rights of the data subject under this Regulation."

III

Rights of individuals regarding personal data protection

The rights of individuals regarding personal data protection are regulated in Articles 15 to 22 of the GDPR and Articles 13 to 18 of the LOPDGDD. The rights of access, rectification, erasure, objection, the right to restriction of processing, and the right to data portability are contemplated.

The formal aspects related to the exercise of these rights are established in Articles 12 of the GDPR and 12 of the LOPDGDD.

Additionally, consideration is given to what is expressed in Recitals 59 and following of the GDPR.

In accordance with the provisions of these regulations, the data controller must establish formulas and mechanisms to facilitate the exercise of rights by the data subject, which will be free of charge (without prejudice to the provisions of Articles 12.5 and 15.3 of the GDPR), and is obliged to respond to requests made no later than one month, unless it can demonstrate that it is unable to identify the data subject, and to express its reasons in case it does not intend to comply with such request. The burden of proof regarding compliance with the duty to respond to the request for the exercise of rights made by the affected party lies with the data controller.

The communication addressed to the data subject regarding their request must be expressed in a concise, transparent, intelligible, and easily accessible manner, using clear and simple language.

IV

Right of access

In accordance with the provisions of Article 15 of the GDPR and Article 13 of the LOPDGDD, "the data subject has the right to obtain from the data controller confirmation as to whether or not personal data

concerning them is being processed and, if so, the right of access to the personal data."

Regarding the right of access to personal data, according to the provisions of Article 13 of the LOPDGDD, when the exercise of the right refers to a large amount of data, the controller may request the affected party to specify the "data or processing activities to which the request refers." The right will be deemed granted if the controller provides remote access to the data, considering the request fulfilled (although the data subject may request the information referred to in the aspects provided in Article 15 of the GDPR).

The exercise of this right may be considered repetitive if exercised more than once within a six-month period, unless there is a legitimate reason for it.

On the other hand, the request will be considered excessive when the affected party chooses a means other than that offered which incurs a disproportionate cost, which must be borne by the affected party. Like the other rights of the data subject, the right of access is a personal right. It allows the citizen to obtain information about the processing of their data, the possibility of obtaining a copy of the personal data concerning them that is being processed, as well as information, in particular, about the purposes of the processing, the categories of personal data concerned, the recipients or categories of recipients to whom the data may be communicated, the expected retention period or criteria for retention, the possibility of exercising other rights, the right to lodge a complaint with the supervisory authority, the information available about the source of the data (if the data has not been obtained directly from the data subject), the existence of automated decision-making, including profiling, and information about transfers of personal data to a third country or to an international organization. The possibility of obtaining a copy of the personal data being processed shall not adversely affect the rights and freedoms of others.

V

Right to erasure

Article 17 of the GDPR, which regulates the right to erasure of personal data, establishes the following:

"1. The data subject shall have the right to obtain from the data controller the erasure of personal data concerning them without undue delay, and the data controller shall be obliged to erase personal data without undue delay when one of the following circumstances applies:

- a) the personal data are no longer necessary in relation to the purposes for which they were collected or otherwise processed;
- b) the data subject withdraws consent on which the processing is based according to Article 6(1)(a) or Article 9(2)(a), and this is not based on another legal ground;
- c) the data subject objects to the processing pursuant to Article 21(1), and there are no overriding legitimate grounds for the processing, or the data subject objects to the processing pursuant to Article 21(2);
- d) the personal data have been unlawfully processed;

e) personal data must be erased for compliance with a legal obligation established in Union or Member State law applicable to the data controller;

f) personal data have been obtained in relation to the offering of information society services referred to in Article 8, paragraph 1.

2. When the data controller has made personal data public and is obliged, under the provisions of paragraph 1, to erase such data, the data controller, taking into account available technology and the

cost of implementation, shall adopt reasonable measures, including technical measures, to inform controllers processing the personal data of the data subject's request for the erasure of any link to those personal data, or any copy or replica of them.

3. Paragraphs 1 and 2 shall not apply when processing is necessary:

- a) to exercise the right to freedom of expression and information;
- b) for compliance with a legal obligation requiring processing of data imposed by Union or Member State law applicable to the data controller, or for the performance of a task carried out in the public interest or in the exercise of official authority vested in the controller;
- c) for reasons of public interest in the area of public health in accordance with Article 9, paragraph 2, letters h) and i), and paragraph 3;
- d) for archiving purposes in the public interest, scientific or historical research purposes, or statistical purposes, in accordance with Article 89, paragraph 1, to the extent that the right referred to in paragraph 1 may render impossible or seriously impede the achievement of the objectives of that processing, or
- e) for the establishment, exercise, or defense of legal claims.

VI

Conclusion

In the present case, it has been established that the claimant requested the respondent access to their data and the erasure of the same.

The respondent has not demonstrated that they have addressed the claimant's request nor have they responded to the requirements that have been sent to them by this Agency.

The aforementioned rules do not allow the request to be overlooked as if it had not been made, leaving it without the response that controllers are obliged to issue, even in cases where there are no data in the files or even in those cases where the request does not meet the stipulated requirements, in which case the recipient of such request is also obliged to require the rectification of the observed deficiencies or, where appropriate, to deny the request with justification indicating the reasons why the right in question cannot be considered.

Therefore, the request made obliges the controller to provide an express response in all cases, using any means that justifies the receipt of the response.
