RESOLUTION OF RIGHTS PROCEDURE

Having reviewed the complaint registered on April 22, 2024, with this Agency and having carried out the procedural actions provided for in Title VIII of Organic Law 3/2018, of December 5, on the Protection of Personal Data and Guarantee of Digital Rights (hereinafter LOPDGDD), the following FACTS have been established:

FIRST: A.A.A. (hereinafter, the complainant) exercised the right of access against the EDUCATION DEPARTMENT OF CASTILLA Y LEÓN (hereinafter, the respondent) without receiving the legally established response to their request.

The complainant states that on 03/20/2024, through the electronic headquarters of the General Secretariat of Education of Castilla y León, they requested access to certain personal data of their daughter held at the educational center where the minor is enrolled, without having received a proper response after one month from their request.

SECOND: In accordance with Article 65.4 of Organic Law 3/2018, of December 5, on the Protection of Personal Data and Guarantee of Digital Rights (hereinafter LOPDGDD), this complaint was forwarded to the respondent, so that they could analyze it and inform this Agency within one month of the actions taken to comply with the requirements established in data protection regulations.

THIRD: The result of the transfer procedure indicated in the previous Fact did not allow for the understanding that the complainant's requests were satisfied. Consequently, on July 22, 2024, for the purposes provided for in Article 64.1 of the LOPDGDD, the Director of the Spanish Agency for the Protection of Data decided to admit the complaint for processing.

The aforementioned agreement granted the respondent a hearing period, so that within ten working days they could present any arguments they deemed appropriate, reiterating what was already indicated regarding the submission of a written document, which they provided to the complainant indicating that they could collect the requested documentation at the Center's Secretariat. However, they did not provide any justification for the submission and/or receipt of said document to the complainant.

LEGAL GROUNDS

I

Competence

In accordance with the powers granted to each supervisory authority by Article 58.2 of Regulation (EU) 2016/679 (General Data Protection Regulation, hereinafter GDPR), and as established in Articles 47, 48.1, and 64.1 of Organic Law 3/2018, of December 5, on the Protection of Personal Data and Guarantee of Digital Rights (hereinafter LOPDGDD), the Presidency of the Spanish Agency for the Protection of Data is competent to initiate and resolve this procedure.

Furthermore, Article 63.2 of the LOPDGDD states: "The procedures processed by the Spanish Agency for the Protection of Data shall be governed by the provisions of Regulation (EU) 2016/679, this organic law, the regulatory provisions issued for its development, and, to the extent that they do not contradict them, by the general rules on administrative procedures."

II

Preliminary Issues

In accordance with the provisions of Article 55 of the GDPR, the Spanish Agency for the Protection of Data is competent to perform the functions assigned to it in Article 57, including the enforcement of the Regulation and promoting awareness among controllers and processors regarding their obligations, as

well as addressing complaints submitted by a data subject and investigating, as appropriate, the reasons for such complaints.

Correspondingly, Article 31 of the GDPR establishes the obligation of controllers and processors to cooperate with the supervisory authority that requests it in the performance of its functions. In cases where they have appointed a data protection officer, Article 39 of the GDPR assigns this officer the function of cooperating with said authority.

In accordance with this regulation, following the procedure provided for in Article 65.4 of the LOPDGDD, prior to the admission of the complaint regarding the exercise of the rights regulated in Articles 15 to 22 of the GDPR, which gives rise to this procedure, it was forwarded to the respondent for analysis, to respond to this Agency within one month, and to demonstrate that they had provided the complainant with the appropriate response.

The result of this transfer did not allow for the understanding that the complainant's requests were satisfied. Consequently, on July 22, 2024, for the purposes provided for in Articles 64.1 and 65 of the LOPDGDD, the complaint was admitted for processing. This admission for processing determines the opening of the present procedure for lack of attention to a request for the exercise of the rights established in Articles 15 to 22 of the GDPR, regulated in Article 64.1 of the LOPDGDD, according to which:

"When the procedure refers exclusively to the lack of attention to a request for the exercise of the rights established in Articles 15 to 22 of Regulation (EU) 2016/679 of the European Parliament and of the Council, of April 27, 2016, it shall be initiated by an admission agreement, which shall be adopted in accordance with the provisions of Article 65 of this organic law.

In this case, the deadline for resolving the procedure shall be six months from the date on which the admission agreement was notified to the complainant. After this period, the interested party may consider their complaint to be upheld."

Article 58.2 of the GDPR grants the Spanish Data Protection Agency a series of corrective powers for the purpose of rectifying any infringement of the GDPR, including "ordering the data controller or processor to address the requests for the exercise of the rights of the data subject under this Regulation."

III

Rights of individuals regarding personal data protection

The rights of individuals regarding personal data protection are regulated in Articles 15 to 22 of the GDPR and Articles 13 to 18 of the LOPDGDD. The rights of access, rectification, erasure, objection, the right to restriction of processing, and the right to data portability are contemplated.

The formal aspects related to the exercise of these rights are established in Articles 12 of the GDPR and 12 of the LOPDGDD.

Additionally, consideration is given to what is expressed in Recitals 59 and following of the GDPR.

In accordance with the provisions of these regulations, the data controller must establish formulas and mechanisms to facilitate the exercise of rights by the data subject, which shall be free of charge (without prejudice to the provisions of Articles 12.5 and 15.3 of the GDPR), and is obliged to respond to requests made no later than one month, unless it can demonstrate that it is unable to identify the data subject, and to express its reasons in case it does not intend to address such request. The burden of proof for compliance with the obligation to respond to the request for the exercise of rights made by the affected party lies with the data controller.

The communication addressed to the data subject regarding their request must be expressed in a concise, transparent, intelligible, and easily accessible manner, using clear and simple language.

IV

Right of access

In accordance with the provisions of Article 15 of the GDPR and Article 13 of the LOPDGDD, "the data

subject has the right to obtain from the data controller confirmation as to whether or not personal data concerning them is being processed and, if so, the right of access to the personal data."

Regarding the right of access to personal data, in accordance with the provisions of Article 13 of the LOPDGDD, when the exercise of the right refers to a large amount of data, the data controller may request the affected party to specify the "data or processing activities to which the request refers." The right will be deemed granted if the data controller provides remote access to the data, considering the request fulfilled (although the interested party may request the information referred to in the provisions of Article 15 of the GDPR).

The exercise of this right may be considered repetitive if it is exercised more than once within a period of six months, unless there is a legitimate reason for doing so. On the other hand, the request will be considered excessive when the affected party chooses a means other than the one offered that entails a disproportionate cost, which must be borne by the affected party.

Like the other rights of the interested party, the right of access is a personal right. It allows the citizen to obtain information about the processing of their data, the possibility of obtaining a copy of the personal data concerning them and being processed, as well as information, in particular, about the purposes of the processing, the categories of personal data concerned, the recipients or categories of recipients to whom the data may be communicated, the expected retention period or criteria for retention, the possibility of exercising other rights, the right to lodge a complaint with the supervisory authority, the information available about the source of the data (if it has not been obtained directly from the data subject), the existence of automated decisions, including profiling, and information about transfers of personal data to a third country or to an international organization. The possibility of obtaining a copy of the personal data being processed will not negatively affect the rights and freedoms of others.

V

Conclusion

During the processing of this procedure, the entity being complained about has responded to this Agency, informing it of the submission of the information requested by the complainant. However, it does not demonstrate having addressed the request made by the complainant, sending the mandatory response to their request.

Thus, it cannot be accepted that the response that corresponds to be given can be manifested merely as an administrative procedure, such as the submission of allegations in the context of this procedure, initiated precisely for not properly addressing the request in question.

The aforementioned rules do not allow for the request to be overlooked as if it had not been made, leaving it without the response that the data controllers are obliged to issue, even in cases where there are no data in the files or even in those cases where it does not meet the stipulated requirements, in which case the recipient of such a request is also obliged to require the correction of the observed deficiencies or, if applicable, to deny the request with justification indicating the reasons why the right in question should not be considered.

Therefore, the request made obliges the responsible party to provide an express response in all cases, using any means that justifies the receipt of the response.

Given that a copy of the necessary communication that must be directed to the claimant informing them of the decision made regarding the request to exercise rights is not attached, it is appropriate to uphold the claim that initiated this procedure.

In view of the cited provisions and others of general application, the Presidency of the Spanish Agency for Data Protection RESOLVES:

FIRST: TO UPHOLD the claim made by A.A.A. considering that the provisions of Article 15 of the GDPR have been infringed and to urge the EDUCATION DEPARTMENT with NIF S4711001J, to send the claimant a certification within ten working days following the notification of this resolution, addressing the requested right or denying it with justification, indicating the reasons why the request cannot be granted, in accordance with the provisions established in the body of this resolution. The actions taken as a result of this Resolution must be communicated to this Agency within the same period. Failure to comply with this resolution could result in the commission of an infringement of art. 83.6 of the GDPR, classified as very serious for the purposes of prescription in article 72.1.m) of the LOPDGDD, which will be sanctioned in accordance with art. 58.2 of the GDPR.

SECOND: NOTIFY this resolution to A.A.A. and to the EDUCATION DEPARTMENT.

In accordance with the provisions of article 50 of the LOPDGDD, this Resolution will be made public once it has been notified to the interested parties.

Against this resolution, which concludes the administrative procedure in accordance with art. 48.6 of the LOPDGDD, and in accordance with the provisions established in article 123 of the LPACAP, the interested parties may optionally file a motion for reconsideration before the Presidency of the Spanish Agency for Data Protection within one month from the day following the notification of this resolution or directly file a contentious-administrative appeal before the Contentious-Administrative Chamber of the National Court, in accordance with the provisions of article 25 and in section 5 of the fourth additional provision of Law 29/1998, of July 13, regulating the Contentious-Administrative Jurisdiction, within two months from the day following the notification of this act, as provided in article 46.1 of the aforementioned Law.
