RESOLUTION OF RIGHTS PROCEDURE

After carrying out the procedural actions provided for in Title VIII of Organic Law 3/2018, of December 5, on the Protection of Personal Data and Guarantee of Digital Rights (hereinafter LOPDGDD), the following FACTS have been established:

FIRST: A.A.A. (hereinafter, the claimant) exercised the right of Erasure against VODAFONE ESPAÑA, S.A.U. (hereinafter, the respondent), without receiving the legally established response to their request.

The claimant states that they requested the erasure of their personal data from the telecommunications operator in question and did not receive a response.

They provide a copy of the erasure request addressed to the respondent dated January 13, 2023.

SECOND: In accordance with Article 65.4 of Organic Law 3/2018, of December 5, on the Protection of Personal Data and Guarantee of Digital Rights (hereinafter LOPDGDD), this complaint was forwarded to the respondent for analysis and to inform this Agency within one month of the actions taken to comply with the requirements set forth in data protection regulations.

THIRD: The result of the transfer procedure indicated in the previous Fact did not allow for the understanding that the claimant's requests were satisfied. Consequently, on June 10, 2023, for the purposes provided for in Article 64.1 of the LOPDGDD, the Director of the Spanish Agency for the Protection of Data agreed to admit the complaint for processing.

The aforementioned agreement granted the respondent a hearing period, so that within ten working days, they could present any arguments they deemed appropriate, summarizing the following allegations:

The respondent, after the admission of this complaint due to lack of response, submitted a letter dated July 14, 2023, to the claimant in which they deny the erasure of the data, arguing that there is an outstanding debt and a claim pending resolution.

FOURTH: After examining the document submitted by the respondent, it is forwarded to the claimant, so that within ten working days, they can formulate any arguments they consider appropriate, summarizing the following allegations:

The claimant denies the debt and demands total disassociation from the respondent.

They provide various documents related to claims made to other entities to demonstrate the non-existence of the debt. They acknowledge that there is an ongoing claim but state that this claim is to eliminate the debt and remove their data from solvency entities.

LEGAL GROUNDS

I

Competence

In accordance with the powers granted to each supervisory authority by Article 58.2 of Regulation (EU) 2016/679 (General Data Protection Regulation, hereinafter GDPR), and as established in Articles 47, 48.1, and 64.1 of Organic Law 3/2018, of December 5, on the Protection of Personal Data and Guarantee of Digital Rights (hereinafter LOPDGDD), the Director of the Spanish Agency for the Protection of Data is competent to initiate and resolve this procedure.

Furthermore, Article 63.2 of the LOPDGDD states: "The procedures processed by the Spanish Agency for the Protection of Data shall be governed by the provisions of Regulation (EU) 2016/679, this organic law, the regulatory provisions issued in its development, and, as long as they do not contradict them, subsidiarily by the general rules on administrative procedures."

II

Preliminary Issues

In accordance with the provisions of Article 55 of the GDPR, the Spanish Agency for the Protection of Data is competent to perform the functions assigned to it in Article 57, among them, to enforce the

Regulation and promote awareness among controllers and processors regarding their obligations, as well as to address complaints filed by a data subject and investigate, as appropriate, the reasons for such complaints.

Correspondingly, Article 31 of the GDPR establishes the obligation of controllers and processors to cooperate with the supervisory authority that requests it in the performance of its functions. In cases where they have appointed a data protection officer, Article 39 of the GDPR assigns this officer the function of cooperating with said authority.

In accordance with this regulation, following the procedure established in Article 65.4 of the LOPDGDD, prior to the admission of the complaint regarding the exercise of the rights regulated in Articles 15 to 22 of the GDPR, which gives rise to this procedure, it was forwarded to the respondent for analysis, to respond to this Agency within one month, and to prove that they had provided the claimant with the appropriate response.

The result of this transfer did not allow for the understanding that the claimant's requests were satisfied. Consequently, on June 10, 2023, for the purposes...

As provided in Articles 64.1 and 65 of the LOPDGDD, the complaint submitted was admitted for processing. This admission for processing determines the opening of the present procedure regarding the lack of attention to a request for the exercise of the rights established in Articles 15 to 22 of the GDPR, regulated by Article 64.1 of the LOPDGDD, which states:

“When the procedure refers exclusively to the lack of attention to a request for the exercise of the rights established in Articles 15 to 22 of Regulation (EU) 2016/679 of the European Parliament and of the Council, of April 27, 2016, it shall be initiated by an admission agreement, which shall be adopted in accordance with the provisions of Article 65 of this organic law.

In this case, the deadline for resolving the procedure shall be six months from the date on which the admission agreement was notified to the complainant. Once this period has elapsed, the interested party may consider their complaint to be upheld.”

Article 58.2 of the GDPR grants the Spanish Data Protection Agency a series of corrective powers for the purpose of remedying any infringement of the GDPR, including “ordering the data controller or processor to attend to the requests for the exercise of the rights of the data subject under this Regulation.”

III

Rights of individuals regarding personal data protection

The rights of individuals regarding personal data protection are regulated in Articles 15 to 22 of the GDPR and Articles 13 to 18 of the LOPDGDD. The rights of access, rectification, erasure, objection, the right to restriction of processing, and the right to data portability are contemplated.

The formal aspects related to the exercise of these rights are established in Articles 12 of the GDPR and 12 of the LOPDGDD.

Additionally, the provisions expressed in Recitals 59 and following of the GDPR are taken into account. In accordance with the provisions of these regulations, the data controller must establish formulas and mechanisms to facilitate the exercise of rights by the data subject, which shall be free of charge (without prejudice to the provisions of Articles 12.5 and 15.3 of the GDPR), and is obliged to respond to requests made no later than one month, unless it can demonstrate that it is unable to identify the data subject, and to express its reasons in case it does not intend to attend to such request. The burden of proof for compliance with the duty to respond to the request for the exercise of rights made by the affected party lies with the data controller.

The communication addressed to the data subject regarding their request must be expressed in a concise, transparent, intelligible, and easily accessible manner, using clear and simple language.

Right to erasure

Article 17 of the GDPR, which regulates the right to erasure of personal data, establishes the following:

"1. The data subject shall have the right to obtain from the data controller the erasure of personal data concerning them without undue delay, and the data controller shall be obliged to erase personal data without undue delay when one of the following circumstances applies:

- a) the personal data are no longer necessary in relation to the purposes for which they were collected or otherwise processed;
- b) the data subject withdraws consent on which the processing is based in accordance with Article 6(1)(a) or Article 9(2)(a), and where there is no other legal ground for the processing;
- c) the data subject objects to the processing pursuant to Article 21(1), and there are no overriding legitimate grounds for the processing, or the data subject objects to the processing pursuant to Article 21(2);
- d) the personal data have been unlawfully processed;
- e) the personal data must be erased for compliance with a legal obligation in Union or Member State law to which the data controller is subject;
- f) the personal data have been collected in relation to the offer of information society services referred to in Article 8(1).

2. When the data controller has made the personal data public and is obliged, under paragraph 1, to erase such data, the data controller, taking into account the available technology and the cost of implementation, shall take reasonable steps, including technical measures, to inform controllers that are processing the personal data of the data subject's request for erasure of any links to, or copies or replications of, those personal data.

3. Paragraphs 1 and 2 shall not apply to the extent that processing is necessary:

- a) for exercising the right of freedom of expression and information;
- b) for compliance with a legal obligation which requires processing by Union or Member State law to which the data controller is subject, or for the performance of a task carried out in the public interest or in the exercise of official authority vested in the controller;
- c) for reasons of public interest in the area of public health in accordance with Article 9(2)(h) and (i), and paragraph 3;
- d) for archiving purposes in the public interest, scientific or historical research purposes or statistical purposes in accordance with Article 89(1), insofar as the right referred to in paragraph 1 is likely to render impossible or seriously impair the achievement of the objectives of that processing, or
- e) for the establishment, exercise or defense of legal claims."

Conclusion

In the case analyzed here, we will begin by stating that only the request for the right to erasure will be taken into account, whether it has been addressed or not; the rest of the issues raised by the parties, outstanding debts, duplicate invoices, or any other circumstance related to a current or past contractual relationship, must be resolved in the appropriate forums, as they fall outside the scope of this Agency's duties.

The claiming party exercised their right to erasure, and after the period established in the aforementioned regulations had elapsed, their request did not receive the legally required response.

Later, during the period for allegations, the responding party replied to the claimant, denying the right to erasure with justification.

There is an outstanding debt and a claim to be resolved regarding the mentioned debt.

In this case, it is noted that during the processing of the claim that gives rise to this procedure, formulated precisely due to the lack of an adequate response to the request for the exercise of rights, the responding party has provided documentation proving the communication sent to the interested party regarding the right or informing about the decision made regarding the request. This response, therefore, occurs after the established deadline has passed.

In this regard, it should be specified that the response that corresponds to be made cannot be expressed merely as part of an administrative procedure. Consequently, considering that the purpose of this procedure is to ensure that the guarantees and rights of the affected parties are duly restored, combining the information in the file with the regulations referred to in the preceding sections, it is appropriate to uphold this claim on formal grounds due to the response being issued late, without requiring additional actions by the data controller to issue a new certification regarding the attention to the right.

In light of the cited provisions and other generally applicable regulations, the Director of the Spanish Data Protection Agency RESOLVES:

FIRST: TO UPHOLD on formal grounds, the claim made by A.A.A. against VODAFONE ESPAÑA, S.A.U. However, it is not appropriate to issue a new certification by the responding party, as the response was issued late, without requiring additional actions by the responsible party.

SECOND: TO NOTIFY this resolution to A.A.A. and to VODAFONE ESPAÑA, S.A.U.

In accordance with the provisions of Article 50 of the LOPDGDD, this Resolution will be made public once it has been notified to the interested parties.

Against this resolution, which concludes the administrative procedure in accordance with Article 48.6 of the LOPDGDD, and in accordance with the provisions of Article 123 of the LPACAP, the interested parties may optionally file a motion for reconsideration before the Director of the Spanish Data Protection Agency within one month from the day following the notification of this resolution or directly file an administrative contentious appeal before the Contentious-Administrative Chamber of the National Court, in accordance with the provisions of Article 25 and paragraph 5 of the fourth additional provision of Law 29/1998, of July 13, regulating the Contentious-Administrative Jurisdiction, within two months from the day following the notification of this act, as provided in Article 46.1 of the aforementioned Law.
