RESOLUTION OF RIGHTS PROCEDURE

After carrying out the procedural actions provided for in Title VIII of Organic Law 3/2018, of December 5, on the Protection of Personal Data and the Guarantee of Digital Rights (hereinafter LOPDGDD), the following FACTS have been established:

FIRST: A.A.A. (hereinafter, the complainant) exercised the right of Access against CAIXABANK, S.A. (hereinafter, the respondent) without receiving the legally established response to their request. The complainant states that the respondent provided their data to the Central Risk Information of the Bank of Spain, concerning a risk related to a debt that they do not recognize. Therefore, on February 1, 2023, they requested information from the respondent regarding the origin of the debt, receiving a response on February 21, 2023, which provided access to their personal data subject to processing, as well as the contracted products, but made no mention of the debt.

SECOND: In accordance with Article 65.4 of Organic Law 3/2018, of December 5, on the Protection of Personal Data and the Guarantee of Digital Rights (hereinafter LOPDGDD), this complaint was forwarded to the respondent for analysis and to inform this Agency within one month of the actions taken to comply with the requirements set forth in data protection regulations.

THIRD: The result of the transfer process indicated in the previous Fact did not allow for the understanding that the complainant's claims were satisfied. Consequently, on October 5, 2023, for the purposes provided for in Article 64.1 of the LOPDGDD, the Director of the Spanish Agency for Data Protection agreed to admit the complaint for processing.

The aforementioned agreement granted the respondent a hearing period, to present any arguments they deemed appropriate within ten working days.

The respondent, during the argument period, fully addressed the requested right.

Competence

In accordance with the powers granted to each supervisory authority by Article 58.2 of Regulation (EU) 2016/679 (General Data Protection Regulation, hereinafter GDPR), and as established in Articles 47, 48.1, and 64.1 of Organic Law 3/2018, of December 5, on the Protection of Personal Data and the Guarantee of Digital Rights (hereinafter LOPDGDD), the Director of the Spanish Agency for Data Protection is competent to initiate and resolve this procedure.

Furthermore, Article 63.2 of the LOPDGDD states: "The procedures processed by the Spanish Agency for Data Protection will be governed by the provisions of Regulation (EU) 2016/679, this organic law, the regulatory provisions issued in its development, and, in so far as they do not contradict them, subsidiarily by the general rules on administrative procedures."

II

Preliminary Issues

In accordance with the provisions of Article 55 of the GDPR, the Spanish Agency for Data Protection is competent to perform the functions assigned to it in Article 57, including the enforcement of the Regulation and promoting awareness among data controllers and processors regarding their obligations, as well as addressing complaints filed by a data subject and investigating, as appropriate, the reasons for them.

Correspondingly, Article 31 of the GDPR establishes the obligation of data controllers and processors

to cooperate with the supervisory authority that requests it in the performance of its functions. In cases where they have appointed a data protection officer, Article 39 of the GDPR assigns this officer the function of cooperating with that authority.

In accordance with this regulation, following the procedure provided for in Article 65.4 of the LOPDGDD, prior to the admission of the complaint regarding the exercise of the rights regulated in Articles 15 to 22 of the GDPR, which gives rise to this procedure, it was forwarded to the respondent for analysis, to respond to this Agency within one month, and to demonstrate that they had provided the complainant with the appropriate response.

The result of this transfer did not allow for the understanding that the complainant's claims were satisfied. Consequently, on October 5, 2023, for the purposes provided for in Articles 64.1 and 65 of the LOPDGDD, the complaint was admitted for processing. This admission for processing determines the opening of the present procedure for failure to address a request for the exercise of the rights established in Articles 15 to 22 of the GDPR, regulated in Article 64.1 of the LOPDGDD, according to which:

"When the procedure refers exclusively to the failure to address a request for the exercise of the rights established in Articles 15 to 22 of the...

Regulation (EU) 2016/679 of the European Parliament and of the Council, of April 27, 2016, will be initiated by an admission agreement, which will be adopted in accordance with the provisions of Article 65 of this organic law.

In this case, the deadline for resolving the procedure will be six months from the date on which the claimant was notified of the admission agreement. Once this period has elapsed, the interested party may consider their claim accepted.

Article 58.2 of the GDPR grants the Spanish Data Protection Agency a series of corrective powers for the purpose of remedying any infringement of the GDPR, including "ordering the data controller or processor to address requests for the exercise of the rights of the data subject under this Regulation."

III

Rights of Individuals Regarding Personal Data Protection

The rights of individuals regarding personal data protection are regulated in Articles 15 to 22 of the GDPR and Articles 13 to 18 of the LOPDGDD. The rights of access, rectification, erasure, objection, the right to restriction of processing, and the right to data portability are contemplated.

The formal aspects related to the exercise of these rights are established in Articles 12 of the GDPR and 12 of the LOPDGDD.

Additionally, the provisions expressed in Recitals 59 and following of the GDPR are taken into account. In accordance with the provisions of these regulations, the data controller must establish formulas and mechanisms to facilitate the exercise of rights by the data subject, which will be free of charge (without prejudice to the provisions of Articles 12.5 and 15.3 of the GDPR), and is obliged to respond to requests made no later than one month, unless it can demonstrate that it is unable to identify the data subject, and to express its reasons in case it does not intend to comply with such request. The burden of proof regarding compliance with the duty to respond to the request for the exercise of rights made by the affected party lies with the data controller.

The communication addressed to the data subject regarding their request must be expressed in a concise, transparent, intelligible, and easily accessible manner, using clear and simple language.

IV

Right of Access

According to the provisions of Article 15 of the GDPR and Article 13 of the LOPDGDD, "the data subject has the right to obtain from the data controller confirmation as to whether or not personal data concerning them is being processed and, if so, the right of access to the personal data."

Regarding the right of access to personal data, in accordance with the provisions of Article 13 of the LOPDGDD, when the exercise of the right refers to a large amount of data, the controller may request the affected party to specify the "data or processing activities to which the request refers." The right will be deemed granted if the controller provides remote access to the data, considering the request fulfilled (although the data subject may request information regarding the aspects provided in Article 15 of the GDPR).

The exercise of this right may be considered repetitive if it is exercised more than once within a six-month period, unless there is a legitimate reason for doing so.

On the other hand, the request will be considered excessive when the affected party chooses a means other than the one offered that incurs a disproportionate cost, which must be borne by the affected party.

Like the other rights of the data subject, the right of access is a personal right. It allows the citizen to obtain information about the processing of their data, the possibility of obtaining a copy of the personal data concerning them that is being processed, as well as information, in particular, about the purposes of the processing, the categories of personal data concerned, the recipients or categories of recipients to whom the data may be communicated, the expected retention period or criteria for retention, the possibility of exercising other rights, the right to lodge a complaint with the supervisory authority, the information available about the source of the data (if it has not been obtained directly from the data subject), the existence of automated decisions, including profiling, and information about transfers of personal data to a third country or to an international organization. The possibility of obtaining a copy of the personal data being processed will not adversely affect the rights and freedoms of others.

V

Conclusion

In the case analyzed here, the claimant exercised their right of access and, after the deadline established in the aforementioned regulations, their request did not receive the legally required response, as the requested access was not fully provided. However, throughout the procedure, the respondent has demonstrated that it has addressed the right.

Thus, it cannot be accepted that the response to be given can be expressed merely as an administrative procedure, such as the submission of allegations regarding the present procedure, initiated precisely for failing to duly address the request in question.

In light of the cited provisions and others of general application, the Director of the Spanish Data Protection Agency RESOLVES:

FIRST: TO ACCEPT for formal reasons the complaint filed by A.A.A. against CAIXABANK, S.A. However, it is not appropriate to issue a new certification by the respondent, as the response was issued late.

without requiring additional actions by the responsible party.

SECOND: NOTIFY this resolution to A.A.A. and to CAIXABANK, S.A.

In accordance with the provisions of Article 50 of the LOPDGDD, this Resolution will be made public once it has been notified to the interested parties.

Against this resolution, which concludes the administrative procedure in accordance with Article 48.6 of the LOPDGDD, and in accordance with the provisions of Article 123 of the LPACAP, the interested parties may optionally file a motion for reconsideration before the Director of the Spanish Agency for

Data Protection within one month from the day following the notification of this resolution or directly file an administrative contentious appeal before the Administrative Litigation Chamber of the National Court, in accordance with the provisions of Article 25 and paragraph 5 of the fourth additional provision of Law 29/1998, of July 13, regulating the Administrative Litigation Jurisdiction, within two months from the day following the notification of this act, as provided in Article 46.1 of the aforementioned Law.
